CELEBRATION Dinner banquet at Island Ballroom, Shangri-La Hotel, Singapore

THEME Abstract garden

Inspired by Christian Dior's Fall 2014 *couture* show, Ben and Bernie worked with wedding planner Heaven's Gift Wedding Concierge to transform the Island Ballroom at Shangri-La Hotel, Singapore, into an abstract indoor garden of white trees and giant paper flowers highlighted by purple lighting.

The pair turned heads in bridal outfits by Ted Wu. Bernie dazzled in an embroidered A-line gown followed by a metallic-blue evening dress, while Ben wore a black tuxedo, and then a grey suit with leather buttons.

That night, guests enjoyed quality wines and whisky, while being entertained by "live" music courtesy of musical duo Wayne Sandz and Wayne Gideon (or Wayne & Wayne). The highlight was when Ben took to the stage to sing *Your Song* to a surprised Bernie! **sw**
